Ganga Dham Towers : Redefining Luxury Living

Ganga Dham Towers is a project that takes the legacy of Ganga Dham to a whole new level. As early as the '90s, no one believed that Market Yard in Pune would be the location that everyone wanted to live at. It was then that the vision of Atul Goel shone through. Today, that little known area of the '90s is known and highly sought after as Ganga Dham Chowk. It has become an address. And in this address, Ganga Dham Towers stands tall as the new expression of what the fine life really stands for.

Ganga Dham Towers is a landmark project in more ways than one. It is the first project of its kind in this area; and it is all set to change the lifestyle quo-

tient of the entire locality. Luxury, renowned quality and yet a strong rootedness with culture and tradition—these are the hallmarks of Ganga Dham Towers.

Designing and dedicating Ganga Dham Towers to the skyline of Pune has been one of the most fulfilling experiences of Goel Ganga Group's journey thus far. They are truly setting a benchmark here, with their offering of next level lifestyle homes in the luxury segment. As a Group, they deeply resonate with the community sentiment of that area. Which is why every aspect of the project has been lovingly designed to foster a sense of family, togetherness and the daily celebration of life. Goel Ganga Group has a deep understanding of what exactly constitutes a wonderful life for their buyers at Ganga Dham Towers. And one sees this reflected in
